

PATIENT SAFETY & RISK MANAGEMENT FOR THE ORAL SURGEON

WHEN

Saturday, June 2, 2018
8am - 12pm

WHERE

Hyatt Lodge Hotel

2815 Jorie Blvd., Oak Brook, IL
(next to Hamburger University on the
McDonald's campus)

All attendees will be eligible to earn 4 hours of CE credit.

OMSNIC is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. OMSNIC designates this activity for four continuing education credits.

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between OMSNIC and the Illinois Society of OMS.

Recognition Program

SPEAKERS

Michael J. Stronczek, DDS, MS
Suzanne Moy, BSHM, CPHRM

DESCRIPTION

This course aims to provide attendees with the enhanced tools necessary to promote patient safety and improve outcomes while reducing liability and exposure to risks. OMSNIC's team of speakers will utilize a collaborative learning environment to illustrate contemporary day-to-day risks in the OMS practice through a detailed analysis of claim examples. The highlighted topics include nerve injury, communication, infection & failure to diagnose, medication management, documentation, emergency preparedness and informed consent.

OBJECTIVES

- * Identify aspects of communication and documentation with potentially challenging implications to the OMS practice
- * Implement new strategies to help prevent failure to diagnose allegations and improve management of infection cases
- * Establish best practices to help ensure preparation for and management of in-office emergencies
- * Describe and manage informed consent challenges
- * Recognize the potential effect technology and applied risk management can have on mitigating and managing nerve injury
