

**ACLS Pre-Course Self-Assessment Directions for Members of the
Illinois Society of Oral and Maxillofacial Surgeons**

ISOMS Class Date: Saturday, April 6, 2024, 8:00 AM, at the Hyatt Lodge Conference Center in Oak Brook

For ISOMS members/staff who have registered for the Advanced Cardiovascular Life Support (ACLS) Provider Course;

Please plan to arrive on time, because it will be difficult for late students to catch up once we start. Students are expected to attend and participate in the entire course.

Use the following steps to access the Student Resources:

1. Visit **elearning.heart.org/courses**.
2. Find the course name (**ACLS Pre-Course Self-Assessment**).
3. Once you find your course, select Launch Course to begin.

Note: If you haven't already logged in, the system will ask you to do so. If you haven't visited the site before, you'll be prompted to set up an account.

How to Get Ready

The ACLS Course will teach you the lifesaving skills required to be both a team member and a Team Leader in either an in-hospital or out-of-hospital setting. Because the ACLS Course covers extensive material in a short time, you will need to prepare for the course beforehand.

Precourse Requirements

You should **prepare for class** by doing the following:

1. Review and understand the information in your *ACLS Provider Manual* if you have one. They can be attained at **www.worldpoint.com**. (You would want the 2020 AHA ACLS Provider Manual; Product Number **20-1106**)
2. Review, understand, and **pass the mandatory pre-course self-assessment online**. Print your certificate and bring it with you to class.
3. Ensure that your BLS skills and knowledge are current for the resuscitation scenarios.
