The Annual Meeting will be
conducted by President,
Mohammed K. Qaisi, DMD, MD, FACS,
during the luncheon.

Election of officers for the coming
year will be held during lunch.

Learning Objectives:

Upon completion of this educational activity,
participants should:

- determine the ideal methods of protecting themselves and other clinical personnel from Covid-19 infections and HIV infections and,
- improve antimicrobial prescribing, and
- recommend ideal protective equipment for clinical personnel working with airborne infectious diseases, and
- better understand the role of healthcare personnel in the transmission of infections.

About the Speakers

Richard M. Novak, MD

Harry F. Dowling Professor of Medicine and Chief of Infectious Diseases
Director, UIC Community Clinic Network (UCCN)

Medical School: Rush Medical College
Residency: University of Illinois at Chicago
Fellowship: University of Illinois at Chicago

Susan Casey Bleasdale, MD, FIDSA, FACP

Associate Professor of Clinical Medicine
Chief Quality Officer UI Health
Assistant Vice Chancellor for Quality & Patient Safety
Medical Director Infection Prevention & Antimicrobial Stewardship

Dr. Bleasdale directs initiatives to reduce infections, multidrug resistant organisms (MDROs) and improve antimicrobial prescribing. Her research is related to the implementation outcomes, epidemiology of MDROs and healthcare associated infections, the role of healthcare personnel in transmission of infections, and effective personal protective equipment.

Medical School: University of Illinois at Chicago College of Medicine
Residency: Chief Resident, Rush University Medical Center
Fellowship: Rush University Medical Center, Infectious Disease

Scott Borgetti, MD

Assistant Professor of Clinical Medicine
Associate Program Director, Infectious Diseases fellowship
Associate Director, Infection Prevention & Antimicrobial Stewardship

Dr. Borgetti leads the Outpatient Parenteral Antimicrobial Therapy program. He has a clinical interest in infections that impact solid organ transplants, stem cell transplants and other immunocompromised hosts.

Alfredo J. Mena Lora, MD, FACP

Assistant Professor, Division of Infectious Diseases at the University of Illinois at Chicago
Program Director, Infectious Diseases Fellowship Associate Program Director, Internal Medicine Residency

Dr. Mena Lora directs infection prevention and antimicrobial stewardship at Saint Anthony Hospital. He has an interest in antimicrobial stewardship and resistance in the United States and abroad.

Medical School: Universidad Iberoamericana, Dominican Republic
Residency: University of Illinois at Chicago
Fellowship: University of Illinois at Chicago

Andrew Trotter, MD, MPH

Assistant Professor of Clinical Medicine

Dr. Trotter focuses on the care of people living with HIV, HIV prevention, sexually transmitted infections, Hepatitis C, LGBTQIA+ inclusive care and general infectious disease. Dr. Trotter also has experience in international settings including Asia and Africa.

Medical School: Loyola University Chicago Stritch School of Medicine
Residency: University of Illinois at Chicago
Fellowship: Tufts Medical Center, Infectious Disease
MPH: University of Illinois at Chicago
